

LEED STATEMENT

MR CREDIT 4 Recycled Content

Average % on Primary System Components

Fellert Fiberglass Board: approximately **40% post consumer** recycled content.

Fellert Acoustical Plaster: approximately **30% post consumer** content—**recycled cotton material**.

IEQ CREDIT 4 Low Emitting Materials

The Fellert acoustical plaster was tested for VOC and IAQ:

- Implied zero VOC as per ASTM D3960 "Determination of Volatile Organic Compound (VOC) Content in Paints and Related Coatings"
- Meets California's Section 01350 IAQ Emission requirements

MR CREDIT 5 Regional Materials

Fellert sound absorbing substrate is manufactured in Shelbyville, Indiana.

IEQ CREDIT 7 Thermal Insulating R Value

Thermal Conductivity ASTM C-177 @ 75 F on 6.0 PCF 0.22

1" Fellert Fiberglass Board **4.55 R Value**
1.5" Fellert Fiberglass Board **6.82 R Value**

IEQ CREDIT 8 Light Reflectance

0.79–0.80 As per ASTM E1477-98a

062310SA
